Ground Spot Starter Kit

Low-voltage spotlights with built-in ground spikes are easy and safe to install in your driveway, front garden or back garden for lines of bright, dynamic light. Each water-resistant head is individually controllable with your existing Wi-Fi system. String up to five spots in a line to make parking, walking and relaxing a pleasure.

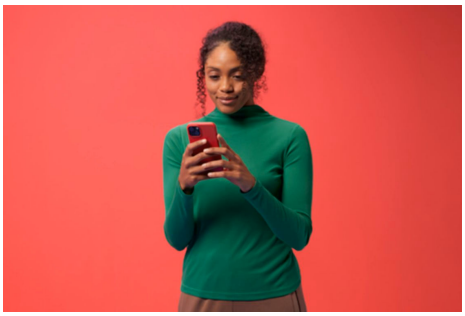

PRODUCT HIGHLIGHTS

- Full colour
- Low Voltage
- IP65 (Adaptor IP44)/Metal/Black

Instant setup for all your smart home functionalities
Access all smart features instantly, simply by connecting your new lights to your existing Wi-Fi. You can control lights when you're away from home and set schedules to turn them on and off automatically. All without needing to install additional hardware. Keep the controller within Wi-Fi range, and all linked lights will be fully controllable even out of Wi-Fi range.

Control with any Matter smart home platform
This product is Matter-certified, allowing easy control through Google Home, Amazon Alexa, Apple Home or any other Matter-based smart home platform of your choice.

Always feel safe and secure with automated outdoor lights
Schedule your outdoor lights to turn on every day before you get home, so that you can clearly see your environment and feel safe. Set your lights to turn off automatically in the morning, or when they are not necessary, and save energy.

Beautify your garden with millions of colours and dynamic modes
Choose from millions of light colours, from energising cool white to soft warm white, and create the best ambience for your outdoor activities. Or simply apply a preset dynamic light mode like Ocean, Forest or Party to create an amazing atmosphere and lift the mood.

Low-voltage technology and easy installation
Designed for outdoor enjoyment! No complicated wiring or special installation required – just plug it in and go. If you want to change the light's location, just unscrew the adapter and move it somewhere else.

Set a different colour for each spot and amplify the mood
Let the play of dynamic light modes amplify the mood. Easily set each spot to shine a different colour. Mix and match millions of light colours or a variety of light modes to create a unique light effect that fits your style.
